## Control Optimisation Integrity

## Patient Benefits

Premier Telesolutions is delighted to offer the IPTV set-top box. Designed specifically to deliver a rich media system directly to your patients' bedside. As a technologically advanced company we have the experience and expertise to deliver reliable, state of the art, end-to-end performance.

Premier offer the flexibility of Large Screen LCD or Plasma TVs coupled with an IP Set-top box.

The Premier IPTV offers your patients the following great features:

- A fully integrated, remote controlled TV
- Video on demand for box office films
- A discreet integrated system
- Internet access direct from their bedside
- Easy to use, intuitive interface

## Compatible with a wide range of Plasma and LCD televisions.

This provides an alternative to our premium 'Bedside' systems. Ideally suited for Private Hospitals where premium room facilities can be offered.

## Premier Telesolutions provide products that complement your healthcare

## Control Optimisation Integrity

## Trust Benefits

### Adaptable . Discreet . Integration

Premier Telesolutions has developed the IPTV Set-top box to provide a flexible integrated approach to hospital multi-media. The discreet and compact unit can quickly and easily be fitted to your existing hardware to transform your patients' hospital stay.

At Premier Telesolutions we are dedicated to working with our customers to provide them with the right multi-media solution for them; we can tailor our products to your requirements. For example we can provide integration with your room lighting systems.

Some of the great benefits of the IPTV include:

- Access to survey/custom web applications
- Compatible with a wide range of Plasma and LCD televisions
- Uses CAT5e/CAT6 cabling
- Optional digital signage capability enabling you to publish key notes and messages direct to your patients TV
- Link directly to the trusts own existing databases such as patient records and other clinical applications
- Publish key notes and messages direct to your patients TV

- A convenient and accessible hospital information portal for your patients
- Multilingual capabilities
- Custom Audio/Video option for Hospital Radio/ Custom broadcasts

### Optionally themed to match the trusts' colour scheme and branding

IPTV – transform your patients' hospital stay
